Please note that one pool will ALWAYS be available for pleasure anglers in the event of a match.

Fishery Prices

Adult - £6.00
Under 15s / OAP - £4.00

How To Find Us

From Kidderminster

Take the A456 heading towards Leominster. At Callow Hill turn right (just after the petrol station) onto the A4117 towards Cleobury Mortimer. At the top of the village turn left just before Harry Tuffins. Follow the road for approx. two miles and we're on the right, opposite Hazely Grange Farm.

From Bridgnorth

Take the B4363 heading towards Cleobury Mortimer. Turn right onto the A4117 heading towards Cleobury Mortimer. Go through the village of Cleobury and turn left by Harry Tuffins. Again, we're about two miles down the Tenbury Road on the right hand side.

From Bewdley

Take the B4190 out of Bewdley. Join the A456 and head towards Leominster, then turn right at the Rock Garage on the A4117 sign posted Cleobury Mortimer. At the top of the village, turn left just before Harry Tuffins and follow the road for approx. two miles and we're on the right.

We are approx. 60 mins from Birmingham, 15 mins from Kidderminster, 10 mins from Bewdley, and 20 mins from Bridgnorth.

About Us

Woodside Fishery, created by Peter and David Hughes in 1997, is a beautiful fishing complex set within the rolling hills of the South Shropshire countryside. Under Peter and David's expert eye the fishery has grown to include three pools, all offering exceptional day ticket and match fishing within naturally beautiful surroundings carefully maintained to create a truly magical fishing experience - this is not your average commercial fishery!

The high stocking policy incorporated by the fishery offers the veteran angler the chance to achieve excellent weights, and the novice angler the encouragement they need.

As a family run business we provide a friendly service seven days a week, daytimes as well as evenings. Advice on effective baits and much more, including what is being caught and where from, is always available by phone or E-mail, so please don't hesitate to contact us if you have any questions and we will do our best to provide you with the information you need. Please also be sure to visit our website, which is updated every week giving the latest match results as well as recent news stories and events. Go to www.woodsidefishery.co.uk for more information.

Woodside Pool

The oldest and most mature of the three pools is Woodside Pool.

The pool has been established for approx. 11 years and currently holds the fishery's Carp record at 29lb 8oz, alongside the fishery's match weight record at 186lb 12oz. There are also plenty of F1s, roach, rudd, skimmer bream, and perch. There are also good quality tench to be had during the summer months, some of which exceed 10lb.

Best baits include casters, worm, sweetcorn, luncheon meat and pellet fished down the inside or between 6-8 metres out.

Island Pool

The second longest standing pool is the Island pool, named because of its two islands.

At approx. two acres, Island Pool is the largest on site.

The pool is home to fewer species with carp, F1s, bream and roach being the mainstay.

This pool offers the angler with more of a challenge but with greater rewards with carp averaging 2-3lb, bream averaging 1lb + and F1s to over 3lb. The current match weight record stands at 158lb 8oz.

Best baits include casters, sweetcorn, luncheon meat and pellet on pole or waggler or on the feeder on more difficult days.

House Pool

The most recent addition to the fishery is the House Pool.

The pool was completed in January 2004 and has fished well ever since with match weights exceeding 100lb.

The pool is home to roach, rudd, carp, bream and even barbel. The pool is densely stocked with carp averaging 1lb with larger specimens reaching 12lb. This pool really is "a fish a chuck"!!!

Pole fished maggot or caster works very well for a mixed catch, but pellet and meat will sort out the larger fish.
